

Supplies Request for Endo Unit at Tenwek Hospital (13th February 2017)

General Supplies:

1. Bite blocks (we are very low on these)
2. Variceal banding devices
3. Resolution clips
4. Pediatric Biopsy forceps
5. Through the scope balloons 6/7/8, 8/9/10, 10/11/12, 12/13.5/15- These can be wire-guided or not.
6. Balloons that pass through a pediatric scope. [I am not aware that these are available, but if so, then we would be interested. Otherwise, we will use a wire guided esophageal/pyloric balloon along side a peds scope.]
7. Roth retrieval nets snare (or Spider retrieval nets)
8. Sclerotherapy/injection needles
9. Snares

ERCP Supplies

1. **0.35 sphincterotomes (WE DESPERATELY NEED THESE!)**
2. 0.35 Guidewire (long 450cm) prefer "zebra" like stripes
3. 0.35 Guidewire (short 250cm) prefer "zebra" like stripes
4. 0.35 Long wire (super long wire ?? 720cm) to use for combined cholangiogram-ERCP procedures
5. 0.25 sphincterotomes
6. 0.25 Long wire (450cm) prefer "zebra" like stripes
7. 0.25 short wire (250cm) prefer "zebra" like stripes
8. Retrieval balloons (15/18 range)
9. Cytology brushes (long or short - ONLY overwire)

Please contact Jeffrey Hallett, M.D. for shipping instructions.
